#### **THIS IS MEDELLÍN**

Medellín is a great city. I am from Medellín and I live in Medellín too. I like my city very much. It is the second city of my country. There are about four millions of people in this city. There are many nice and interesting places here, such as: The Antioquia’s Museum with the pictures and monuments of our artist Fernando Botero, The Berrío’s park in downtown, The Pueblito Paisa, is a representation of our typical towns, The Botanical Garden; you can see many kind of plants and flowers there, and the Metropolitan Cathedral, it is a beautiful building made of bricks. There are many trade centers in Medellín. You can go shopping or just

visit them. You can go to El Tesoro, San Diego, Unicentro, Oviedo, Monterrey or others trade centers, they are very nice. There are large universities too, such as: Eafit, Pontificia Bolivariana, Universidad de Antioquia, etc. I hope to study in one of these universities.

You can go from a place to another by our Metro, buses or by taxis.

The weather is very nice here, it is about 20°C. Medellín is called “The eternal Spring city”, you can see gardens in bloom the whole year. I like and I love my city very much.

I study in a school, this is the largest school in my city. We are almost five thousand students. My classmates and my teachers are very kind. I like all the subjects. I study very much because I want to be a good student and a good professional in my life.
